

Preventative Health Considerations for Lizella Baptist Church Gatherings:

We will assess risk weekly/daily through the Health Department trends as well as local CDC guidelines.

We will educate and inform our members and visitors through multiple mediums: letters, text, bulletin, social media, announcements, and handouts.

We have established multiple hand sanitation stations and provided sanitation in all restrooms.

We sanitize all common areas twice a week with approved chemicals guaranteed to kill up to 99% of all germs and bacteria, including the corona virus. Additionally, we mist all surfaces quarterly with an approved 90-day virucidal solution.

We ask our members and visitors to please refrain from in person gatherings and join us online rather than on campus if you feel sick or have been exposed to someone who tested positive for any infectious illnesses. (covid19, flu, strep, fever or stomach issues)

Exposure is defined as being in a closed space with someone who has tested positive (within 48 hours before their symptoms) for more than 15 minutes without a mask.

Those exposed should quarantine for 10 days, or take a test on day 5-7 and with a negative result, exit quarantine at that point.

If test is positive, quarantine 10 days from the positive test even if you don't have symptoms.

Quarantine is 10 days from onset of symptoms, but you must be free of symptoms by day 10 in order to exit quarantine. Continue quarantine if symptoms continue.

If you have been exposed but you have been vaccinated, no quarantine is necessary.

Please inform our church office immediately if you have tested positive or have symptoms. Your identity will be kept confidential, but we need to inform anyone who has been in close proximity to you of their risk as soon as possible, at a maximum within 48 hours. Again, we will not disclose your identity as we make others aware of exposure.

We will continue to adapt to changing conditions and guidance as necessary.

If You have any questions are need clarification, please contact the office and we can assist.
